Subject: CARC signature page-

Hi Charles,

I have attached the signature page for the CARC document for glyphosate. After signing it, would you mind sending it electronically to Danelle Lobdell for her signature? I will send her a note asking her to email it back to me after she signs it. I apologize for the inconvenience, but we are on a tight time schedule to get this document signed.

Thanks so much for all your constructive comments and edits.

Greg

Hello Tim,

I am just following up on Jess Rowland's note to you below. If this is something that Dr. Lobdell could participate in, we would greatly appreciate it.

Dr. Lobdell would not be expected to necessarily generate anything *de novo* for the meeting – just review the briefing package and provide input during the meeting with respect to experience and thoughts.

Thanks.

David.

Hi Tim

The Cancer Assessment Review Peer Review Committee (CARC) of the Health Effects Division is scheduled to review the carcinogenic potential of Glyphosate on June 24th. This process entails a comprehensive review of data of animal carcinogenicity studies, mutagenicity, SAR, and other relevant information. We are planning to include the epidemiology data also in this evaluation. Therefore we would very much like Dr. Lobdell's participation at this meeting to provide her expertise in epidemiology. Dr. Charles Wood is our consulting pathologists and he participates in the CARC meetings. We will be sending them a "briefing package" on 10th. Charles routinely participates via teleconference. If this is OK with you, Dr. Lobdell can also follow suit.

We very much appreciate you help in this

I have attached the signature page for the CARC document for glyphosate. After signing it, would you mind sending it electronically to Danelle Lobdell for her signature? Hi Lori,

Can you send a new updated invite for this meeting? You deleted the previous invite (which did update for July 8th) and it is now off of my calendar.

Hope you all received the CARC draft thru sharepoint.

Please make the edits on sharepoint so I can see the comments

Do NOT waste time on format, paginations, tabs etc. CPR is do the “document makeover”

Concentrate on the science

Make this as your priority and your “home pope work” on Wednesday

I would like to have your comments not later than COB Thursday

Thank you for all your work on this CARC

Try again. I just logged out of the document.

So can only one person edit it at a time? Maybe that's why people are having trouble saving the file; maybe more than one person was accessing it at the same time.

Yes, Greg and I can't either. I'm actually using Cal's version since he made formatting edits instead of the file on the share drive that Lori's referring to. Do you want me to share this file?

The Glyphosate meeting is currently scheduled for one week from today, September 16th. The CARC package was due out September 2nd. When the package is this late, we typically reschedule the meeting. Do you want me to reschedule Glyphosate? What day do you think we'll get the package?

Try again. I just logged out of the document.

So can only one person edit it at a time? Maybe that's why people are having trouble saving the file; maybe more than one person was accessing it at the same time.

Maybe there's some code in there preventing us from editing. I don't know.

Yes, Greg and I can't either. I'm actually using Cal's version since he made formatting edits instead of the file on the share drive that Lori's referring to. Do you want me to share this file?

Hi

Hope you all received the CARC draft thru sharepoint.

Please make the edits on sharepoint so I can see the comments

Do NOT waste time on format, paginations, tabs etc. CPR is do the “document makeover”

Concentrate on the science

Make this as your priority and your “home pope work” on Wednesday

I would like to have your comments not later than COB Thursday

Thank you for all your work on this CARC

Regards

I know both Jessica and Greg were having problems accessing the Sharepoint site, too. I downloaded the document and sent it to them via email.

Have a great day!
